NEW YORK, Aug. 28 .- The stock market opened irregular, but mainly higher. Reading and Steel Common up 1, Smelting %. Northern Pacific and Erie 1sts 1/2, Amalgamated and Pennsylvania ¾, and Union Pacific ¼. Canadian Pacific opened a point lower. Great Northern preferred was ½ and New York ½

It was stated by officials of the Great Northern Railway Company that the distribution of \$1 a share on Great Northern ore certificates, which calls for 1,500,000, is to be followed by another one, probably \$1.50 a share, or \$2,250,000, one, probably \$1.00 a share, or \$2,200,000, making a total for the year of \$2,50 a share or \$3,750,000. This is not regarded as such a had thing for the stockholders of the railroad company. They were given the certificates for nothing.

Directors of the United States Leather Company have declared the regular quarterly dividend of 1½ per cent on the preferred stock.

There will be a meeting of the directors of the Erie Railroad Company today to act on the question of the payment of the dividends on the first and second preferred stocks, and opinion in Wall Street is divided as to what will be done

The board of governors of the New York Stock Exchange will hold a special meeting today before the close of business to yote on the members' petition to close the exchange on Saturday. It was believed that the petition might be granted. The Consolidated Stock Exchange will also determine today a similar petition.

The depreciation since the commencement of the year in the market value of the securities traded in on the New York Stock Exchange has been very heavy. Fifty active stocks, twenty-seven of them railroad, and twenty-three industrial, show a shrinkage of \$1,225,084,738.

The most despondent folks at the present time are those who were most bullish eight or nine menths ago.

An announcement that the American Tobacco Company had ordered tire plant at Cincinnati, in which more than 600 persons were employed, to be closed, caused some discussion and funch interest in the stock on the New York curb. At the office of the company it was stated that the closing of the factory was permanent, because of the unsatisfactory condition of the labor situation.

tion of A. H. Plant, comptrolle for the Southern railway, by former Representative Woodward, for North Carolina, in the morning session today. Mr. Woodward went over much of the ground covered and attempted to draw from the comptroller an acknowledgment that the figures submitted by that official to the North Carolina corporation commission were not a correct approximation of the Southern's earnings in intra State business in North Carolina, and that when the figures were submitted Mr. Plant was aware that they did not correctly represent the road's earnings.

road's earnings.

The clash came when Mr. Woodward brought into the case the correspondence between Mr. Plant and the clerk of the commission, Mr. Brown, concerning the net earnings of railroads in the State which the latter had informed Mr. Plant the commission desired for its own use and for that of the Legislature.

Stock Exchange Relapses Into Intense Dullness After Excitement of Tuesday.

After the glittering display of pyro echnics in Washington Rallway stocks on yesterday it was expected that the do so, as the meeting was one of the dillest of the form were shown, how-120% fects of the move were shown, how-124 ever, in the absence of any pressure to sell, and the few lots that still hung over the market were promptly taken, and a willingness shown to accumulate more if sellers were disposed to accommodate. The common stock held strong filly 501/4 511/4 213/4 at 35, while the preferred was equally 191/4 19 191/4 461/4 457/4 461/4 advantage remained with the bulls up 125 125 125 to the close.
